CHARITY GOLF TOURNAMENT CONTEST

Million Dollar Shootout

Each golfer in the Shootout gets one shot and if they make it, they win the prize. Entry into the Shootout is awarded as a prize to the golfers closest to the pin on the Par-3s (Hole 4, 7, 12 & 16). The Shootout will be conducted after regular play has commenced and is held at a hole near the clubhouse (#7), allowing all our golfers in the event to watch. Four golfers will have the opportunity to win \$1,000,000.00. **Witness required

Hole-In-One Honest

During this tournament, we will have four Hole-in-One contests, one on each of the par 3s. The grand prize will be a BRAND-NEW CAR. Every golfer will have an opportunity to win! **Witness required

Putting Contest

The putting contest will take place prior to the start of the tournament, allowing golfers to compete for the Grand Prize, a 5-Day Cruise on your choice of one of the major cruise lines (Norwegian, Royal Caribbean, Carnival Cruise Line or Princess Cruises).

Longest Drive Contest

Mystery Balls

This game is set up on a par 4 or 5 of the golf course We have 4 golf balls in the bag or bucket each ball has one of these slogans on it:

1. Longest Drive
2. Shortest Drive
3. Farthest Left
4. Farthest Right

After the golfer's hit their drive from the tee we will pull ONE BALL out of the Bag and whatever it says is who will win the prize. This is a fun game as you do not necessarily have to hit a good shot to win a prize.

Marshmallow Game

Designate one hole as the "marshmallow hole." Then, station a volunteer at that hole to give each golfer their marshmallow. Whichever golfer can hit their marshmallow the farthest wins a small prize!

Fishing for Prizes

This can be played in a kiddie pool or a bucket! Make cards ahead of time with one prize listed per card, and a steel washer glued to the back. Players fish using a small pole or dowel; on the hook end is a magnet. A player might pull up a prize and might pull up "Try Again" or "No Prize For You!" Make it free to play and keep it fun!

Hit the Fairway!

This game is set up on a par 4 or 5 hole of the golf course. Each player who simply lands and stays in the fairway with their first tee shot wins a small prize or we can put them a drawing for a big prize, or we can do both. This is a fun way to give out lots of prizes at your event and keep your golfers happy.

Helicopter Drop Ball* - Closest to the Pin

Air Cannon – Hole in One / Closest to the Pin

The most successful golf outings offer title sponsors and top-tier supporters' exposure through digital avenues like live leaderboards and mobile apps, pin flags, and other premium opportunities specific to golf.

Skins Game

Skins games encourage friendly competition between golfers while simultaneously raising more dollars for your cause. In short, skins games create mini competitions where teams (or individuals, depending on the event's format) opt to compete against each other based on their score on a given hole, in addition to their overall score. Event organizers can use skins games to fundraise by setting a dollar amount for participants to buy in to compete. Displaying skins results on real-time leaderboards keeps things competitive.

Virtual Round

A virtual round lets golfers play in support of your cause from anywhere without being present at the actual tournament. Players and teams register online and play on their own time, entering their scores into an aggregate leaderboard that can also accept donations from participants and online spectators over the duration of the event.
